PROFILE

Dedicated Full Stack Web Developer with 4 years of hands-on experience in designing and implementing web applications. Adept at both front-end and back-end development, with a strong focus on creating efficient, user-friendly, and responsive web solutions. Seeking opportunities to leverage my skills and expertise to contribute to innovative projects.

EDUCATION

BACHELOR OF TECHNOLOGY

Arya Institute of Engineering & Technology

2015

WEB DEVELOPER

Institute Studies

2018 - 2019

PROFESSIONAL EXPERIENCE

Senior Backend Developer

Qocial Pvt Ltd [2022 - 2024]

○ Played a pivotal role in the development of complex web applications at Qocial Pvt Ltd, a product-based company. Lead a team of developers to successfully delivered high-quality products on time and within budget, contributing to the company's ongoing success in the competitive market.

○ Designed and implemented scalable RESTful APIs using Node.js and Express, ensuring optimal performance and security.

○ Collaborated with front-end developers to integrate user interfaces built with React.js and Next.js, creating seamless user experiences.

○ Managed and optimized MongoDB databases for efficient data storage and retrieval, improving application speed and reliability.

○ Utilized Elasticsearch and Meilisearch to implement robust search functionalities, enhancing user search experiences.

○ Developed and maintained a microservices architecture using Golang for improved modularity and scalability.

○ Conducted code reviews, mentored junior developers, and established coding standards to ensure code quality.

○ Participated in system design discussions, contributing valuable insights to architecture decisions.

○ Implemented efficient algorithms and data structures to solve complex problems, improving application performance.

Front-End Developer

Qocial Pvt Ltd [2022-2023]

○ Developed and maintained user-friendly front-end interfaces using React.js, ensuring cross-browser compatibility and mobile responsiveness.

○ Utilized Material UI and CSS3 to create visually appealing and consistent user interfaces.

○ Collaborated with back-end developers to integrate front-end components with server-side APIs.

○ Worked on optimizing web applications for performance and load times.

○ Conducted A/B testing and user feedback analysis to continuously improve user experiences.

Front-End Developer

Devhub Tech Pvt Ltd [2019 - 2021]

○ During my tenure at Devhub Tech, I served as a dedicated developer focused on React and Node.js technologies. I played a pivotal role in designing and implementing features for web applications, ensuring seamless functionality and optimal user experience. My responsibilities encompassed full-stack development, including frontend design, backend logic implementation, API integration, and database management.

○ I consistently collaborated with team members to troubleshoot issues, optimize code performance, and meet project deadlines. This experience not only strengthened my technical proficiency but also enhanced my ability to work effectively within dynamic development environments.

CERTIFICATES

Certified for attend Android App Development Workshop at RoboTryst (IIT DELHI - 2016)

For meeting the expectations of leading the team to work the specified tasks in the labor field

Certificate for Completion of JAVA Training (2017)

This Training is offered by the Spoken Tutorial Project, **IIT Bombay, funded by National Mission on Education through ICT, MHRD, Govt. of India.**

Certificate for Completion of Linux Training (2018)

This Training is offered by the Spoken Tutorial Project, **IIT Bombay, funded by National Mission on Education through ICT, MHRD, Govt. of India.**
